

Transformational Leadership

Creating Responsive Learning Environments

**Effective leadership – the catalyst to
equitable learning environments!**

A school leader is charged with creating an environment that fully serves ALL students and preventing mindsets and practices that create achievement gaps. Working with national expert Dr. Anthony Muhammad, participants will explore strategies that inspire, enlighten, and push people to do great things for students as well as strategies and behaviors that destroy momentum and productivity.

Topics will include:

- *An exploration of Transformational Leadership for schools and districts*
- *A solid understanding of what recent research teaches about human motivation*
- *Leadership behaviors that undermine egalitarianism and interfere with student academic achievement*
- *Practical strategies that improve the leader's ability to lead others to new levels of performance*
